Pharmaceutical Press produces a wide range of print and digital products including textbooks, reference works, professional titles and subscription products. The British National Formulary is published by Pharmaceutical Press in conjunction with the BMJ Group. High quality professional magazines are produced by PJ Publications, and PJ Online provides access to online content and daily news updates. MedicinesComplete is an internationally recognised online subscription service. While developing existing brands such as Martindale, Stockley’s, and Clarke’s, Pharmaceutical Press continues to launch new products and embrace all appropriate media in order to respond to customer needs.

Inspection Copies
Inspection copies of Pharmaceutical Press textbooks are available to lecturers who are considering the book as a recommended core text. For further information, visit www.pharmpress.com/inspectioncopies

eBooks
Many Pharmaceutical Press titles are also available as eBooks on the following platforms: EBL/EBooks.com, MyiLibrary, NetLibrary and R2 Library. For information on eBook availability speak to your Librarian, or visit www.pharmpress.com/eBooksUK

Sign-up to our free monthly e-alerts to receive special offers, product reviews and news of recently published titles. To register, visit www.pharmpress.com/alerts
Basic Pharmacokinetics
Sunil S Jambhekar and Philip J Breen
Addresses how the principles of pharmacokinetics and biopharmaceutics can be applied to successful drug therapy.

246 x 189mm | 424pp | 2009

Adverse Drug Reactions
Second edition
Edited by Anne Lee
A practical guide to the most common reactions that affect particular organ systems and the medicines implicated most often.

234 x 156mm | 496pp | 2006

Biomedical and Pharmaceutical Polymers
Gilles Ponchel, Denis Labarre and Christine Vauthier
A comprehensive introduction to polymer chemistry research and development in pharmaceutics.

ISBN: 978 0 85369 730 5 | Paperback | £29.99
234 x 156mm | 256pp | October 2010

BNF 59
Published jointly by the British Medical Association and the Royal Pharmaceutical Society of Great Britain
This essential reference provides updated guidance on prescribing, dispensing and administering medicines. BNF 60 publishes September 2010.

215x130mm | 1024pp | March 2010

BNFC 2010
Published jointly by the British Medical Association, the Royal Pharmaceutical Society of Great Britain, the Royal College of Paediatrics and Child Health and the Neonatal and Paediatric Pharmacists Group
The BNF for Children provides up-to-date guidance on the safe and effective use of medicines for managing childhood conditions.

ISBN: 978 0 85369 927 9 | Paperback | £29.99
215 x130mm | 960pp | July 2010

Clarke’s Analytical Forensic Toxicology
Edited by Sue Jickells and Adam Negrusz
Based on the full reference Clarke’s Analysis of Drugs and Poisons, this text covers the main elements of forensic toxicology and analytical toxicology techniques.

Clinical Pharmacokinetics
Edited by Soraya Dhillon and Andrzej Kostrzewski
Over 30 clinical cases are presented to help bridge the gap between pharmacokinetic concepts and their practical application to individual patients.

Clinical Pharmacy Pocket Companion
Jane Wright, Alistair Gray and Vincent Goodey
This practical A-Z handbook provides you with a range of tools, suggestions and advice to assist in the provision of pharmaceutical care.

Complementary and Alternative Medicine
Second edition
Edited by Steven B Kayne
A practical introduction and reference source on the CAM products most frequently requested in community pharmacies and in hospitals.

The Complete Guide to Medical Writing
Edited by Mark C Stuart
An invaluable writing guide for students wishing to effectively communicate scientific and medical information.

Concise Clinical Pharmacology
Ben Greenstein and Adam Greenstein
A concise introduction to pharmacological principles and mechanisms, with a strong clinical focus on the therapeutic use of the drugs.
Conducting Your Pharmacy Practice Research Project
A step-by-step guide
Second edition
Felicity J Smith
This clear and concise handbook has been updated and expanded in recognition of the increased diversity of projects undertaken by students.

216 x 138mm | 208pp | August 2010

Dietary Supplements Pocket Companion
Pamela Mason
A conveniently sized, quick-reference to the most commonly used dietary supplements. It is based on the full reference work, Dietary Supplements.

180 x 100mm | 296pp | 2008

Dale and Appelbe’s Pharmacy Law and Ethics
Ninth edition
Gordon E Appelbe
and Joy Wingfield
This established text is the definitive guide to the law relating to the practice of pharmacy and the use of medicines in the UK.

234 x 156mm | 608pp | 2009

Disease Management
A guide to clinical pharmacology
Second edition
Michael D Randall
and Karen E Neil
The text takes common diseases by system and considers the diverse, clinical issues surrounding medicines management.

ISBN: 978 0 85369 767 1 | Paperback | £34.99
246 x 189mm | 512pp | 2009

Drugs in Use
Clinical case studies for pharmacists
Fourth edition
Edited by Linda J Dodds
A series of 32 clinical case studies are provided to illustrate how pharmacists can optimise drug therapy in response to the needs of individual patients.

ISBN: 978 0 85369 791 6 | Paperback | £34.99
234 x 156mm | 688pp | October 2009

Essentials of Economic Evaluation in Healthcare
Rachel Elliott
and Katherine Payne
A concise overview of the economic issues specific to healthcare and the main types of economic evaluation.

ISBN: 978 0 85369 574 5 | Paperback | £24.99
234 x 156mm | 256pp | 2005
All the main areas of study for the MPharm are covered in these ten concise texts. Each FASTtrack title provides a summary of the key information, along with diagrams, key points and tips, MCQs, sample essay questions, case studies and self-assessment sections.

“These easy to read books are intended to complement textbooks and reference books to assist students to prepare for examinations.”

Coralynn Becker Trewet, PharmD University of Iowa, American Journal of Pharmaceutical Education. 2008

Minor Illness or Major Disease?  
The clinical pharmacist in the community  
Fourth edition  
Clive Edwards and Paul Stillman  
Covers the disease symptoms frequently encountered in community practice and how to establish whether referral to a medical practitioner is necessary.  
246 x 189mm | 304pp | 2006

Non-prescription Medicines  
Fourth edition  
Alan Nathan  
Fully revised and updated, this text assesses the range of non-prescription medicines that can be recommended for the most frequently encountered minor illnesses.  
Online resources available at www.pharmpress.com  
ISBN: 978 0 85369 886 9 | Paperback | £34.99  
234 x 156mm | 320pp | June 2010

Medicines Use Reviews:  
A Practical Guide  
Susan Youssef  
Provides practical, evidence-based information and tips for pharmacists carrying out, or intending to carry out, MURs.  
216 x 138mm | 192pp | May 2010

Non-medical Prescribing  
Edited by Mahesh Sodha and Soraya Dhillon  
This essential new guide provides an overview of non-medical prescribing by healthcare professionals other than doctors.  
234 x 156mm | 240pp | 2009

Nuclear Pharmacy  
Concepts and applications in nuclear pharmacy  
Edited by Blaine Templar Smith  
This introductory textbook discusses essential information on nuclear pharmacy and covers the basic science needed.  
ISBN: 978 0 85369 866 1 | Paperback | £29.99  
234 x 156mm | 304pp | February 2010

Preparation is the key

Prepare for your upcoming exams with our selection of multiple-choice questions (MCQs).

Online Resources: A free bank of interactive MCQs, by subject, is available online. Visit www.pharmpress.com/onlineresources and www.fasttrackpharmacy.com

MCQs in Clinical Pharmacy
Edited by Lilian M Azzopardi
These practice-oriented questions will assess your evaluative and analytical skills, and ability to apply your knowledge in clinical practice.

234 x 156mm | 304pp | 2007

MCQs in Pharmaceutical Calculations
Ryan F Donnelly and Johanne Barry
This calculations revision book enables you to gain experience on what is often regarded as one of the most difficult sections of the course. Part of the Tomorrow’s Pharmacist series.

216 x 138mm | 224pp | 2009

MCQs in Pharmaceutical Science and Technology
Edited by Sanjay Garg
This new study aid is comprised of 300 MCQs and answers in pharmaceutical science and technology.

234 x 156mm | 512pp | December 2010

MCQs in Pharmacy Practice
Second Edition
Edited by Lilian M Azzopardi
This popular study aid covers topics commonly featured in pharmacy undergraduate, registration and licensing multiple-choice examinations.

234 x 156mm | 464pp | September 2009

Further MCQs in Pharmacy Practice
Edited by Lilian M Azzopardi
Following on from the success of MCQs in Pharmacy Practice the authors have produced a further 600 new questions to work through.

234 x 156mm | 416pp | 2006
Pathology and Therapeutics for Pharmacists
A basis for clinical pharmacy practice
Third edition
Russell J Greene and Norman D Harris
This essential text reflects the integrated nature of modern healthcare, with an overview of the treatment options available for certain disease states.

ISBN: 978 0 85369 690 2 | Paperback | £45.00
246 x 189mm | 1008pp | 2008

Paediatric Drug Handling
Ian Costello, Paul Long, Ian K Wong, Catherine Tuleu and Vincent Yeung
Written for new pharmaceutical scientists, this book provides a comprehensive introduction to paediatric pharmacy.

234 x 156mm | 144pp | 2007

Pharmaceutical Compounding and Dispensing
Second edition
John F Marriott, Keith A Wilson, Christopher A Langley and Dawn Belcher
Revised and updated, with online video resources, this is a detailed guide to the theory and practice of extemporaneous compounding and dispensing.

ISBN: 978 0 85369 912 5 | Paperback | £34.99
246 x 189mm | 288pp | May 2010

Pharmaceutical Marketing Planning
A practical guide
Sanjay Bajpai
Provides a comprehensive blueprint for the planning and implementation of marketing for pharmaceutical and biotech products.

ISBN: 978 0 85369 896 8 | Paperback | £34.99
234 x 156mm | 224pp | December 2010

The Obesity Epidemic and Its Management
Terry Maguire and David Haslam
An invaluable resource for those wanting to understand more about the causes, effects and treatments of obesity.

ISBN: 978 0 85369 786 2 | Paperback | £29.99
234 x 156mm | 288pp | January 2010

Pharmaceutical Care Made Easy
John Anthony Sexton, Gareth Nickless and Chris Green
A concise, practical guide to the role of the clinical pharmacist, providing direction to those involved in pharmaceutical care.

246 x 189mm | 192pp | 2006

Inspection copies are available to lecturers via www.pharmpress.com/inspectioncopy
Pharmaceutical Public Health
Edited by Janet Krska
This concise text brings together the important topics in pharmaceutical public health in an accessible, usable format.

Pharmaceutical Toxicology
Safety sciences of drugs
Edited by Gerard J Mulder and Lennart Dencker
An overview of the methodology and requirements of pre-clinical safety assessments of new medicines.

Pharmacy Business Management
Edited by Steven B Kayne
A comprehensive introduction to the fundamentals of business management relevant to pharmacy.

Pharmacy Case Studies
Edited by Soraya Dhillon and Rebekah Raymond
Presents a series of pharmacy cases that test and bring together all areas taught on the pharmacy degree course.

Pharmacy Ethics and Decision Making
Edited by Soraya Dhillon and Rebekah Raymond
This introduction to professional ethics and accountability provides a grounding in moral philosophy and its application to key concepts.
The Pre-registration Interview
Nadia Bukhari
This text includes a large bank of real interview questions that will help you prepare for the application process and preregistration placement. Part of the Tomorrow's Pharmacist series.

Physicochemical Principles of Pharmacy
Fourth edition
Alexander T Florence and David Attwood
This well-established textbook provides the physicochemical background to the design and use of pharmaceutical dosage forms.

Pharmacy Law in Ireland
Edited by Peter Weedle and Leonie Clarke
This practical text covers all aspects of pharmacy law in Ireland and includes information on the Irish Pharmacy Act 2007.

Pharmacy Preregistration Handbook
Second Edition
Lindsay M Taylor
This survival guide addresses many of the frequently asked questions raised by preregistration trainees and tutors.

Principles of Good Clinical Practice
Edited by Michael J McGraw, Adam N George, Shawn P Shearn, Rigel L Hall and Thomas F Haws, Jr
This text is a one-stop source for guidance and checking the rules for the proper conduct of clinical trials.

Proteomics and Metabolomics in Pharmaceutical Sciences
William James Griffiths
This unique introductory text provides you with the essentials of the science and theory behind proteomics and metabolomics.

Sign-up to our free monthly e-alerts to receive special offers, product reviews and news of recently published titles www.pharmpress.com/alerts
Registration Exam Questions
Nadia Bukhari
This essential book provides a comprehensive list of open- and closed-book questions on topics that are likely to be covered in the registration exam. Part of the Tomorrow’s Pharmacist series.

216 x 138mm | 160pp | 2008

Sampson’s Textbook of Radiopharmacy
Fourth edition
Edited by Anthony Theobald
The fourth edition of this well-established textbook has been thoroughly revised and updated to outline the recent changes in science and practice.

ISBN: 978 0 85369 789 3 | Hardback | £75.00
246 x 189mm | 576pp | October 2010

Stockley’s Drug Interactions Pocket Companion 2010
Edited by Karen Baxter
This quick-reference Stockley text provides clinically evaluated, evidence-based information on drug-drug, drug-herb and drug-food interactions.

ISBN: 978 0 85369 917 0 | Paperback | £22.99
180 x 100mm | 512pp | January 2010

Traditional Medicine: A global perspective
Edited by Steven B Kayne
Written by acknowledged experts in the field, this text covers the main traditional therapies around the world and includes relevant case studies.

234 x 156mm | 352pp | November 2009

Zoonoses
Second Edition
Martin Shakespeare
This timely resource responds to the growing necessity for information on diseases and infections transmitted to humans from vertebrate animals.

234 x 156mm | 320pp | 2009
PJ Online  Gateway to the World of Pharmacy and Medicines

www.pjonline.com

PJ Online is a constantly evolving website, that contains all the content from The Pharmaceutical Journal, along with all content from other PJ Publications. A subscription to PJ Online includes access to the content of all PJ Publications as well as daily news updates, careers advice, ask-the-expert sessions, interactive forums and the invaluable archive.

PJ Careers (www.pjcareers.com) is the job board for PJ Online, and is the principal source of UK pharmacy jobs. PJ Online, is available to all RPSGB accredited Schools of Pharmacy for free during 2010.

Tomorrow’s Pharmacist

www.tomorrowspharmacist.com  Editor: Benedict Lam MRPharmS

New for 2010, Tomorrow’s Pharmacist goes online! Tomorrow’s Pharmacist is an invaluable open resource for pharmacy students, preregistration trainees, newly registered pharmacists and anyone interested in a career in pharmacy. Packed with advice and guidance on placements and careers within pharmacy, interesting and useful articles for pharmacy students and regular competitions, Tomorrow’s Pharmacist is the perfect one-stop shop for pharmacy students and preregistration trainees. Tomorrow’s Pharmacist’s students’ corner is published in association with the British Pharmaceutical Students’ Association.
